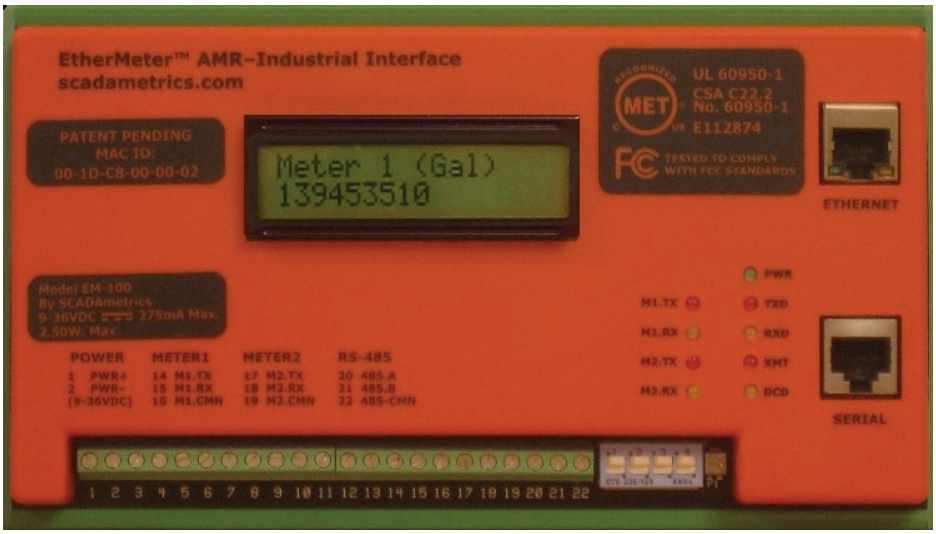
The patent represents years of research and product development for the EtherMeter®, an electronic flow-metering and protocol conversion instrument manufactured by SCADAmetrics, a division of Navionics Research, Inc.



EtherMeter® – The Flow Meter Gateway For
SCADA, Telemetry, and Building Automation Systems.

About SCADAmetrics –

SCADAmetrics is the manufacturer of the EtherMeter® Flow Meter Gateway – the device that enables SCADA, Telemetry, and Building Automation System Integrators to read municipal and industrial flow meters using MODBUS® and Rockwell Automation industrial protocols.
