Jumper Settings of the Radio-Read Filter – Version 107

The Version 107 Radio-Read Filter (“Red Board”) has been enhanced to include personality jumpers. This includes both Din-Rail and Wall-Mount versions.

When using this Radio-Read Filter in **EtherMeter Applications**, the Jumper Settings should be set to the following:

SSR-CMN	ON	(LEFT)
AMR-CMN	OFF	(RIGHT)
SCADA-CMN	OFF	(RIGHT)

When using this Radio-Read Filter in **Non-EtherMeter Applications**, the Jumper Settings should be set to the following:

SSR-CMN	OFF	(RIGHT)
AMR-CMN	ON	(LEFT)
SCADA-CMN	ON	(LEFT)
